

Report on Council Annual Meeting

1. Purpose of the report

To ask the Council to plan the Annual Council Meeting in a different way to this years meeting.

Residents found it far too long with presentations and updates from all the committees, they would like more question time and to hear what the nominees had achieved to be proposed for Citizen of the Year / Community Group/ Young Citizen.

2. Background

The Annual Meeting is a meeting where residents, can hear what the Council has achieved in the year, plus to question on matters they are concerned about.

3.Proposal

To put the annual Council Meeting on the Agenda in the new Mayoral year as to the planning of the event.

3.Financial Implications

None unless we plan the meeting in a way that includes refreshments.
