

Malmesbury Town Council

Report on CATG meeting - 12th September 2017

1. Purpose of the report

1.1 To invite the council to note the status and progress of its outstanding community issues.

2. Background

2.1 The committed CATG spend currently stands at £39,271.61 leaving a current balance as of the 1st September of £11,654.44.

2.3

CI reference	Description	Status
3535	Improved HGV signage around the town.	Signs being produced, installation planned for December 2017
3963 & 3520	Pedestrian safety concerns along Holloway Hill	One of two Highways Substantive Bids being submitted from the Malmesbury CATG - total cost is £31K of which CATG will contribute £5K and MTC up to £8K from CIL funds
CATG & MTC	Introduction of new dropped kerbs from Burnham House along Burnham Road, and improved pedestrian walkway.	Sites at Burnham Rd/Athelstan Rd, Burnham Rd/Gastons Rd, B4040 Sherston Rd, (NW of Corn Gastons) will be installed in conjunction with the pavement widening at the Horsefair which will require a road closure and is being programmed for early in January 2018. The MTC contribution to the two projects will be £2.662K from CIL funds
3699 4677 4260 4745 5602	Road safety concerns along Bristol Street Request for the existing 30mph limit along Gloucester Road to be reduced to 20mph Change of priority of traffic flows requested at the junction of Abbey Row/Bristol St/Gloucester Rd, combined with the removal of carriageway restrictions Alleged speeding along Parklands in the 30mph zone, coupled with an increase in HGV and agricultural traffic Concern expressed over the size of vehicles through Parklands linked to excessive traffic speed in a predominantly elderly populated area	All these community issues will be grouped together and examined in the totality of a town solution. The outcome is likely to be the subject of a Highways Substantive Bid in 2019 Metro count data not available at the time of the meeting.
4948	Request for a formal pedestrian crossing on Park Lane between Willow View Close and Gloucester Road	A Priority 2 project awaiting the impact of the Backbridge Farm development on existing pedestrian routes.

5058	Excessive speeds on the A429 passed the Waitrose entrance making ingress and egress difficult.	A Priority 2 project, land adoption discussions delaying progress but the prohibition of a right turn out of the Waitrose entrance is not considered a feasible solution.
5212 & 5361	Visibility issues for vehicles emerging from Tetbury Hill Gardens	Issued closed , as no viable solution identified without potentially delivering other unpopular community outcomes.
5276	Inconsiderate parking by parents dropping off children at the Primary School causing obstruction of Poole Road and potential safety issues.	The Primary School should take a lead in dissuading parents from parking in this area - on hold at present, limited options for resolution.
5391	Additional parking areas required between the B4040 Parklands and Corn Gastons	Issue closed , as CATG funding cannot be used to provide additional parking provision.
5449	Request for additional width restriction signs at the eastern end of Dark Lane as northbound traffic cannot see the present single sign.	Existing sign to be repositioned in a more appropriate direction.

2.4 The P&E committee will continue to discuss the actions necessary to progress these matters.

Cllr Roger Budgen
