

**Waiting Restriction Requests – Update (excerpt from email):**

Mr Gundry,

I apologise for the delay in progressing the parking reviews. Recent staff retention and recruitment issues in the network management team have meant that they have had to prioritise progressing the public utilities work and road closures for carriageway repairs. This has further delayed progressing requests for waiting restrictions, which were already taking longer than we would have wished.

We are in the process of resolving those issues, and should be in a position to start clearing the backlog of waiting restrictions soon.

Sorry for the delay.

Kind regards

**Jamie Mundy**

**Senior Traffic Technician**

**& Abnormal Loads Officer**
