Issue Summary CATG excessive speedsize of vehicals through parklands

Latest Update 15/08/2017 14:15:00 Thank you for raising your issue with the Area Board. The Council has set up a way for local people to decide local highway improvement priorities. A local community area transport group (CATG) of local people and elected councillors comes together to consider issues and proposals and to recommend those schemes that can be taken forward in any year. Before the CATG can consider a proposal, it must first consult the local parish or town council. Only if the parish supports the issue will it be considered further. If your issue is supported by the parish council, it will be submitted to the CATG for consideration. The CATG will then decide whether it should go forward onto the list of priority schemes. Resources are very limited, so it is important that schemes are prioritised in this way. Obviously, not all schemes can be taken forward and some proposals may have to wait a while before they become a priority for funding. The CATG makes recommendations to the Area Board who will decide which schemes will be funded and taken forward. We will keep you informed of progress as we go through the steps outlined.

CATG Action / Recommendation

Issue Traffic through parklands 12 wheel lorries 10 wheel lorries some with attached trailers. Tractor with large implements carrying one or two trailers this includes the size of the tractor sometimes excessive speed from vehicles on the bus route the bungalows are generally occupied by elderlydisabled people

Issue Location Malmesbury

Street / Location Parklands from corner of junction white lion park and 109 parklands to bottom of hill

Electoral Division Malmesbury

Issue Duration For as long as I have lived here

Who is Affected I am.

What has been done so far I have spoken to gavin grant at least twice emailed him twiceemailed from town hall to traffic in area about 14 months ago.only one councillor had the decency to get some person from town hall to go to town hall so that a email could be sent to highways on my behalf so nothing has been doneyou should also consider every person in this area not the few.

What would resolve issue

Remove the block paving either side of the road to enable lorries to follow the sherston road which is clearly signposted. Due to this block paving lorries cannot go the right way as the road is too narrow at that point which is by the senotaph you should be addressing these issues on behalf of the people on the main bus route through parklands. This area is a accident waiting to happen. You should also help the many not the few in this instance.

Who needs to come together

How would I know, its like going through a minefield to get this far, I don't have the ear of any councillor. It is your job to sort it out, I do not get any remuneration ,you as councillors do, if you cannot do anything to help then resign.
