

Policy and Resources Committee 6th December 2016

Report No.5

Station Yard Recycling Facility

Station yard recycling area

The area around the recycling bins in station yard is frequently a mess . I frequently walk through this area and often find it very untidy .

It is used by lots of local residents and can go quickly from being satisfactory , to an eyesore .

I believe it is often a bad advert for our town .

We have asked W.C.C. if they will keep the area presentable , I think they informed M.T.C. this was not possible .

I think that the only solution would be to monitor this patch on a daily basis ourselves and keep it more presentable through the good staff of the Town Council .

Before the meeting get a chance to examine the Recycling area yourself.

S.C.
