

## Hare trail report July 2017

Almost all of the small hares are in place and we are ready to go ahead with launching the small animal and hare trail – leaflet is printed. I will have a photo all for the press and I want to know if there is an appetite for hosting that in the Town Hall. If so, we probably need a budget of £25 for drinks. We need to decide a date for the launch.

We have said that we will have a prize/s draw for the trail and I propose that we give art materials such as a mosaic kit. I will ask Trail participants (businesses) that haven't sponsored a hare to chip in towards the prize/s, but I suggest we start with £25 from us.

When we launched the large hares (a last minute rush as we found out we had no option about the date) A Councillor paid for the wine and hasn't yet been reimbursed. I propose that we pay the £25 for the drinks that were used.
