Total	830.50	464.77

The shortfall of £the excess expenditures £180.50 has been covered by our takings of £464.77, so we're up £284.27.

We should also take into account the photocopying, laminating and poster making we did to get signs up around town and the cost of the extra caretaker hours we had on a bank holiday because Mike came in.

Other things to report are:

Although the weather was poor, there was art on the Abbey railings

The food businesses did very well, sadly not all the others did

Tony's talk was well attended

The flower festival was much admired

People enjoyed the longbow

The REME were excellent

Thank you letters have mostly gone out – I don't know who did the art on the railings to thank them though.

I haven't yet sent the chocolates to the REME.

We' ve learned lessons about grass cutting, poster pasting and caretaker hours.
