

Dual Purpose Bins – Next steps

	Details	
1	Contact Wiltshire Council to request any permissions needed for siting of the new bins and the removal of the Wiltshire Council owned bins.	Initial contact has been made by DTC
2	Agree number of dual purpose bins to order	Cllrs to agree number
3	Agree locations for dual recycling and refuse bins:- e.g. Cloister Gardens Station Yard Birdcage Walk (to replace the Market Cross bin) Town Centre Co-Op Town Hall frontage	Cllrs to agree location
4	Update Wiltshire Council re exact locations to enquire about any utilities or services in these areas re bolting in place	DTC
5	Procurement of bins (see next page).	Cllrs to agree supplier
6	Liase with Wiltshire Council re dates for collection of their bins once delivery dates for new bins has been confirmed.	DTC
7	Contact McCarthy re collection of recyclables to request a weekly collection (or other duration)	Frequency to be agreed, weekly suggested as a starting point by Groundstaff.
8	Storage of recyclables – at Town Hall in the Cloister Gardens events bin. Another bin can be purchased at short notice but it is thought this wheelie bin will accommodate 5 bin bags.	

Costings (net of VAT)

Sweetnam & Bradley Total capacity 160 litres (2X80ltr compartments) Hex key catch lock Size: H 1016 x W 960 x D 344 mm	£880 each Additional costs: add the gold stripe, wording and any ash tray. (Would need to discuss the crest logo in further detail. This would incur additional costs.) Initial design fee of £320 has been waived.
Recyclingbinsdirect.co.uk Dimensions: H955mm x W485mm x D910mm ECO Dual Metal Litter & Recycling Bin Black 224 Litres	£551.99 each
Litterbins.co.uk Total capacity 160 litres (2 x 80ltr compartments) H 960 x W 760 x D 465 mm	£689.95 each logo £17.00 each If gold banding is reqd, the banding would be £12 for the bottom or top (£24 for both).

Sweetnam & Bradley have made a double bin previously. To replicate our design would be in the region of £880 each (+/- 20%), for an order for five bins

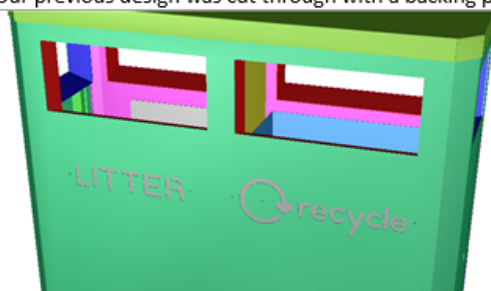

Your request to replicate the 'Waverley Borough Council' bin would require an initial design fee of £320.

We would need to add the gold stripe, wording and an ash tray. We would also need to discuss the crest logo in further detail. This would incur additional costs.

Our previous bin specifications are:

- Zintec steel (popular use is car body panels) construction
- Powder coated matt black for weather and rust-resilience
- 2 removable Zintec liners
- Total capacity 160 liters (2X80ltr compartments)
- Hex key catch lock
- Size: H 1016 x W 960 x D 344 mm

Our previous design was cut through with a backing plate, as shown below.
