<p>WC Ref: PL/2022/08081 Address: Abbey House Gardens, Market Cross, Malmesbury, Wiltshire, SN16 9AS Comment by: 16/11/22</p>	<p>Proposal: Notification of proposed works to trees in a conservation area. Fell Tree 753 - Cedar of Lebanon to near ground level following a PiCUS investigation.</p>
<p>WC Ref: PL/2022/08358 Address: 12b Oxford Street, Old Church Hall, Malmesbury SN16 9AX Comment by: 23/11/22</p>	<p>Proposal: Notification of proposed works to trees in a conservation area. T1 - Yew tree in chapel yard: Requesting permission to fell to ground level. Tree is situated on the rear boundary of the chapel yard, approximately 8/9 metres tall, growing against the wall which separates two properties. The tree has significant root heave and is pushing the wall over towards the neighbours. An obvious 'bow' has formed and cracks have appeared. There is movement in the wall when pushed lightly, and the concern is, as the tree gets bigger, the wall will fall over onto next doors property.</p>
<p>WC Ref: PL/2022/08279 Address: 7 Katifer Lane, Malmesbury, Wilts SN16 0AU Comment by: 05/12/2022</p>	<p>Proposal: Householder planning permission Replacement front door and windows</p>
<p>WC Ref: PL/2022/08603 Address: 24 Horsefair, Malmesbury, Wiltshire SN16 0AP Comment by: 30/11/2022</p>	<p>Proposal: Notification of proposed works to trees in a conservation area. T1 - Silver Birch tree to be removed as it is growing into electricity and telecom wires and its roots are lifting the concrete driveway again (they had this repaired some years ago) and the path is causing a trip hazard.</p>
<p>WC Ref: 20/08618/FUL Address: Land west of A429 (Crudwell Road), North of Malmesbury, Wiltshire Comment by: 19/12/2022</p>	<p>Proposal: Full planning permission Installation of a solar farm comprising ground mounted solar PV panels with a generating capacity of up to 49.9MW, including mounting system, battery storage units, inverters, underground cabling, stock proof fence, CCTV, internal tracks and associated infrastructure, landscaping and environmental enhancements for a temporary period of 40 years and a permanent grid connection hub.</p>
